Device Credentials

You registered your device to the organization. Add these credentials to the device to connect it to the platform. After the device is connected, you can navigate to view connection and event details.

Organization ID

ak12pz

Device Type

NodeMCU

Device ID

12345

Authentication Method

use-token-auth

Authentication Token

12345678

⚠ Authentication tokens are non-recoverable. If you misplace this token, you will need to re-register the device to generate a new authentication token.
